DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

Group I, claims 1-5, 22-23, drawn to object-oriented database structure, classified in class 707, subclass 103R.

Group II, claims 6-11, drawn to generating data structure, classified in class 707, subclass 102.

Group III, claims 12-21, drawn to generate the source code utilizes object-oriented programming, classified in class 717, subclass 108.
2. The inventions are distinct, each from other because of the following reasons:

Inventions Groups I, II and III are related as subcombinations disclosed as unsable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately unable. In the instant case, each of the respective inventions have separate utility as in a system not having the others. See M.P.E.P 806.05(d).
3. Because these inventions are distinct for the reasons given above and the search required for Group I is not required for the other Groups, restriction for examination purpose as indicated is proper.

4. Because the inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination as indicated is proper.
5. A Telephone call was made to Mr. Grant Rodolph (Reg. 50,487) on October 14, 2003 to request an oral election to the above requirement, but did not result in an election being made. Applicant's representative requests an Election/Restrictions Office Action to be sent out.
6. A shortened statutory period for reply is set to expire 30 days from the mailing date of this communication.
7. Applicant is advised that the response to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed.
8. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 C.F.R. § 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 C.F.R. § 1.48(b) and by the fee required under 37 C.F.R. § 1.17(h).
